

WORKMAN'S DAILY TIME RECORD

What will this do for you?

Increased shop profits can be yours almost immediately after putting the Workman's Daily Time Ticket and Record to work for you.

Every productive minute of a workers time can be accounted for. A mechanic clocks in as he starts a job, fills out the necessary information on the perforated slip and clocks out when the job is completed. The slip is pressure-sensitive so it can be easily attached to the repair order. At the end of the day, the hard copy -- a record of the mechanics work that day -- is turned in to the manager or payroll department and becomes a complete record of the worker's activity. Payroll can be created and periodic evaluations can be made of the employee's productivity.

We believe so strongly in this time card, that if you currently don't use them, the Association will furnish you a one week supply at no charge. Just indicate the amount you need on the order blank below.

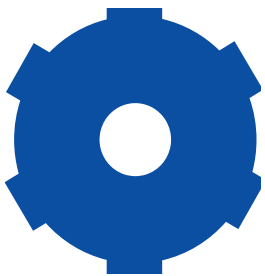

9
Pressure Sensitive

Each strip measures
4 1/4" x 1"

Overall form size is
4 1/4" x 11 3/4"

Back Copy Made From Card Stock
