OMEDA 14 (2" X 4")

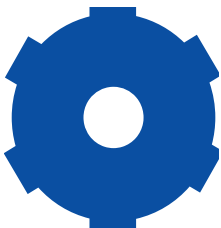

Prominently displayed on equipment, these top-quality pressure sensitive decals, with easy release backing, are always selling, always reminding. The decals are screen printed with black ink on chrome mylar material. The OMEDA 14 & 15 allows your choice of copy including manufacturer's logos. The OMEDA 10 allows two or three lines of copy and the OMEDA 11 can have three or four lines.

You can also have these decals printed in the color of your choice and using material other than chrome mylar at a slightly higher price. Just send a sample of current decals or a rough sketch of a new design and we will gladly give you a quote.
